Kirsten Lund-Jurgensen

Executive Vice President

Head of Supply & Technology Unit

Kirsten Lund-Jurgensen joined UCB in 2019. She provides global leadership for UCB's Supply & Technology Solutions Unit and is responsible for the company's product development, manufacturing, supply chain management, procurement, and information technology services. A relentless focus on safety, quality, reliable supply, and innovation in Supply & Technology Solutions will ensure value for patients worldwide. Kirsten has more than 33 years of experience as an international, highly recognized and respected bio-pharmaceutical leader. She is a German national who has held several global senior positions at Pfizer in the US spanning 20 years. Her most recent role was President, Global Supply, and serving on Pfizer's Executive Committee.

Throughout her career Kirsten has been involved in major transformation programs in Manufacturing and Supply Chain Management. Her collaborative management approach helped successfully engage and inspire her many teams to implement impactful improvement programs.

Kirsten has a PhD in Pharmaceutical Biology/Medicinal Plant Research from the University of Freiburg in Germany and a Master of Science in Pharmacy from the University of Kiel in Germany. During her career she has lived and worked in Germany, Australia and the USA.

She is a member of UCB's Executive Committee.
