INVOICING REQUIREMENTS

When billing UCB for goods and services or when issuing a credit note, print all following required information; handwritten information will not be recognized:

- supplier contact information: company name, address, e-mail, phone number and UCB vendor number as indicated on your UCB Purchase Order (PO);
- supplier VAT number;
- supplier invoice or reference number (related invoice number in case of a credit note);
- supplier bank details (including IBAN and BIC);
- date of invoice and the date or period when the goods have been delivered or services rendered if they are not the same as the invoice date;
- VAT rate and amount (if the VAT is included, the indication of the applicable rate is sufficient);
- invoice currency matching the issued PO;
- **correct UCB billing address:**
 - Name of UCB entity**
Chemin de Croix-Blanche 10
CH-1630 Bulle
Switzerland;
 - Note: This is different from the mailing address**
- UCB VAT number
- UCB contact name and e-mail address;
- **UCB PO number and relevant line item:**
 - line item description must match the PO structure (item/PO line/description);
 - unit of measure to be displayed, matching the issued PO;
 - Each PO must be invoiced separately;
- type, purpose and volume of the goods delivered or services rendered.

UCB PO number is 10 digits, always starting with a 4 or 9. If you do not know your UCB PO number or if your PO has insufficient funding remaining to cover the amount of your invoice, communicate with your UCB contact person prior to submitting your invoice.

If there have been any changes to your vendor account that may impact payment (e.g. new remit to or bank details), submit a vendor change request to prevent delay in invoice processing.

If any required information is missing from your invoice, your invoice may be returned to you. If this occurs, you will need to correct the invoice and resubmit for processing. Your invoice must be dated from the day of its reissue.
